From the Municipal Council Bangalore city

AS, 500 / 114-45, d. 15-9-45

Forwards for sanction the resolution dated 7-7-45 of the city Municipal Council, to promote Mr R Madhavan, the present Municipal Engineer to the status of an Executive Engineer, (without affecting his seniority) by granting him an allowance of Rs 50- p M and to give him the assistance of two Assistant Engineers

- 1) Mr R Madhavan is Assistant Engineer, p w Department of D, in the Bangalore city Municipality as Municipal Engineer, - is in receipt of a pay of Rs 400- in grade Rs 200-400-400, + allowance Rs 100- p M
- 2) It is seen from the Civil list that he is a fairly Senior Assistant Engineer in the p-w D list with about 2 or 3 seniors above him, so as to entitle him for promotion to the Executive Engineers grade in the normal course
- 3) It is further reported that the work of the Municipal Engineer is as heavy as that of an Executive Engineer in charge of a regular

21st

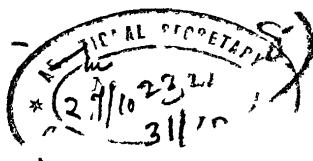

Division in p.w. Dept and in order to cope with the increasing work, it is proposed to elevate the present Municipal Engineer to the status of an Executive Engineer (without affecting seniority) with an allowance of 50- p.m. and to allow him the assistance of two A.M. Engineers.

4) The proposal involves an additional expenditure of Rs 9.48- per annum, (average)

5) Kind reference is invited to this office note # dated 8-5-44 pointing out the fact that the City Municipalities Act, 1933 and the Municipal Reg. R' Accounts Code are to be amended so as to see that the Executive Engineer exercises the powers given to him in the p.w. D Code.

6) In G.O. no p.w.-8208-89 dt 6-6-44, it was ordered that the question of posting an officer of the Executive Engineers rank to the Bangalore City Municipality be deferred to for the present.

7) The proposal in para 3 supra is for orders.

The opinion of the Leg. Dept. P.W.D. may be called for on the above proposal and Leg. for 30/10/45

2.2.22 The Chief Engineer for Irrigation
 may also be consulted, from the
 administrative point of view

7) Both the Chief Engineers and the Secretary, Public Works Department are agreeable to the proposal of the Bangalore City Municipal Council to appoint a Municipal Engineer of ~~the~~ status of an Executive Engineer with 2 Assistant Engineers to help him. But they want that the officer of their Department whose services are lent to the Municipality should be able to exercise the powers of an Executive Engineer of a Public Works Division. But the adoption of this course would be against the provisions of the City Municipalities Act 1933 as, according to the framework of that Act, all officers employed by the Municipality including the Municipal Engineer and ~~The~~ Health Officer should be subordinate to the Municipal Commissioner and the Municipal Engineer, whatever his status may be, cannot exercise powers vested in the Municipal Commissioner or ~~The~~ Municipal Council under the statute.

18) This is not the first time the Bangalore City Municipal Council have asked for the status of the Municipal Engineer being raised to the level of an Executive Engineer. In this connection, reference is invited to Government Order No. L. 1070-4/1 30-37-179 dated the 5th August 1938 wherein the status of ~~the Municipal Engineer~~ Mr. B. Parasanga Rao the then Municipal Engineer was raised to that of an Executive Engineer and his pay was fixed at Rs. 500/- per mensem. Again in Government Order No. L. 10978-81/11 10-41-175 dated the 16th May 1942, the proposal of the Municipal Council to appoint an officer of the status of an Executive Engineer as Municipal Engineer was approved.

NOTE—Contn. Sheet

The question therefore for consideration is whether the posting of an Executive Engineer as

2122
L

File No

of 1945

General and Revenue
Secretariat

Serial
No

as Municipal Engineer, Bangalore City would be
against the provisions of law

19) Under Section 234A of the Mysore City Municipalities Act 1933, the power of appointing an Engineer Officer ^a and Health Officer of the City Municipality is vested in Government and the Government have taken over this power in Notification No. L 5729/Pl. 111-41-24 dated the 6th January 1942. It is not laid down in the Act that the Engineer Officer to be appointed in the Municipality should be of any particular status - Assistant Engineer, Executive Engineer or Superintending Engineer. This means that the Government may appoint an officer of any status having regard to the exigencies of service. Legally therefore, there is no objection to the appointment of an officer of the status of an Executive Engineer as Municipal Engineer of the City.

20) The next point for consideration is whether the difficulty put forth by the Public Works Department that the officer should be allowed to exercise ^{the} powers of an Executive Engineer as otherwise it would not be of much use, is of an insurmountable nature. The reply to this is in the negative. For example, the present Engineer Officer of the City Improvement Trust Board, Bangalore, is of the status of an Executive Engineer but he cannot exercise any of the powers of that office which he would have done if he were in charge of a Public Works Division, owing to the fact that he is subordinate to the Chairman of the Board. On the same analogy, the Executive Engineer of the Bangalore City Municipality cannot exercise any of

T

2122
7

Serial
No

of the powers vested in the Municipal Commissioner or Municipal Council, so long as he continues under the service of the Municipality

21) The provisions of the Public Works Department Code according to which the suggestions had been made by the Chief Engineers are not applicable to the works of the Municipality. They are regulated in accordance with the provisions of the City Municipalities Act and the rules framed thereunder and the Municipal Accounts Manual. No amendment of the City Municipalities Act is called for. Again the rules laid down in the Public Works Department Code are of an executive nature. By an executive order issued it may ^{if necessary,} be ruled definitely that although an officer of the status of an Executive Engineer is posted to the Municipality, his powers as officer of the Public Works Department are held in abeyance so long as he continues under the service of the Municipality. In their resolution, the Municipal Council have not raised any question about the powers of the Executive Engineer also.

22) The outlay on Municipal Engineering works in Bangalore City is on the increase from year to year. It is necessary to put in charge of these works an officer of ~~an~~ high status having regard to the heavy responsibilities. The need for having an officer of the status has been recognised in the past. It is not possible for one officer to exercise supervision effectively over the works carried on in an extensive area like Bangalore City. ^{Further} It is ~~the~~ only the Gazette Officers of the Public Works Department can check, measure the works.

File No

of 1945

Secretariat

23)

Having regard to the above facts, the resolution of the Bangalore City Municipal Council to raise the status of the present Municipal Engineer to that of an Executive Engineer and to give him the help of two Assistant Engineers may be approved.

Serial
No

24) As it involves the question of raising the status of an Assistant Engineer to that of an Executive Engineer, the question has to be treated as council matter.

30/11/45

rev-24)

For
20/11/45

25) The proposal made by the Bangalore City Municipality as a matter of administrative convenience & to facilitate expeditions/disposal of Engineering Works which are on the increase day by day, may be sanctioned.

26) The Executive Engineer & the two assistant Engineers proposed to be appointed are subject to discipline by the Municipal Comm. who is the Chief Executive of the Municipality. It is unnecessary to duplicate the machinery of an Engineering division as in the PWD work.

Promotion to Mr. Mathavan, Municipal Engineer, Bangalore City.

independent powers for the Executive Engineer. That would not conduce to smooth working at all. The system now proposed has worked well in the past and there is no good reason why it should not function equally well in the future. The Municipality is prepared to foot the bill of the proposal - may therefore be sanctioned?

Note for circulation in Council

SUBJECT - Raising the status of Mr R Madhavan,
Municipal Engineer, Bangalore City, to that of
an Executive Engineer and ^{to} give him the assis-
tance of two Assistant Engineers

The Municipal Commissioner, Bangalore City reports that, owing to the expansion of the Bangalore City in recent years on account of the formation of several new extensions, the work in the Engineering Section is increasing year after year. The outlay on the Engineering works which stood at Rs 1,86,412 during the year 1942-43, has increased to Rs.4,26,935 during the year 1944-45. The additional work involved in carrying out the several improvement works and special schemes in addition to the maintenance of 200 miles of roads, Buildings, parks etc, makes it necessary to give some relief to the Municipal Engineer. In view of the responsibilities devolving upon this officer, it is also considered desirable that he should possess a higher status than that of an Assistant Engineer. In this view, the City Municipal Council in its meeting held on 7th July 1945, recommended (1) the raising of the status of Mr R Madhavan, Municipal Engineer to that of an Executive Engineer (without affecting the seniority of officers in the Public Works Department) and ^{giving him} ~~an allowance of Rs 50/- p M and~~ ~~an allowance of Rs 50/- p M and~~ 2) the appointment of two Assistants to the Municipal Engineer of the grade of Assistant Engineers of the Public Works Department. This involves an expenditure of Rs 9048/- per annum.

The Chief Engineer for Irrigation was consulted. He had no objection to the raising of the status of the Municipal Engineer and promoting Mr Madhavan without affecting the seniority of

officers

above him But he suggested that he should have independent powers It was considered however, that the question of delegating powers to the Municipal Engineer may be left to the Municipality

The resolution of the Municipal Council is proposed to be approved The Dewan and the Minister for Education and Public Health have agreed

C FILE OF THE L.P. SYSTEM	
FOR EDUCATION L.P. M.	
Date	10-1-46
No	4082

**Final Note by the Minister for Education
and Public Health**

Subject— To raise the status of Mr R Madhavan, Municipal Engineer, Bangalore City Municipality, to that of an Executive Engineer and to give him the assistance of two Assistant Engineers

Note As a result of the formation of several new extensions and the consequent expansion of the City of Bangalore, the work relating to the engineering section of the City Municipality has been increasing year after year and the outlay on engineering works which was Rs 1,86,412/- in the year 1942-43 has risen to Rs 4,26 935/- during 1944-45 For the efficient maintenance of the roads in the city which make up a total length of 200 miles and for the expeditious execution of the special schemes of improvement, it is found necessary to have a Municipal Engineer of the status of an Executive Engineer in the place of the existing Municipal Engineer of the status of an Assistant Engineer and two additional Assistant Engineers to assist the Municipal Engineer The Bangalore City Municipal Council have, with this end in view, recommended the following proposals for the sanction of Government -

(1) To raise the status of Mr R Madhavan, the present Municipal Engineer to that of an Executive Engineer without affecting the seniority of his colleagues in the Public Works Department and to give him an allowance of Rs 50/- per mensem

(11) To give ^{him} the assistance of two Assistant Engineers, involving an additional expenditure of Rs 9,048/- per annum to be met out of the municipal funds

Para 13 & 15 of note Both the Chief Engineers for Irrigation and the Roads and Buildings are in favour of the proposal of the Municipal Council and add that it is necessary to invest the Municipal Engineer with independent powers of Executive Engineer of a Public Works Division

As, under the Municipal Act, the Municipal Commissioner is the Chief Executive Officer of the Municipality, it is considered not necessary to invest the Municipal Engineer with any independent powers as suggested by the Chief Engineers

It is proposed to sanction the recommendation of the -
Municipal Council The Dewan and the other Ministers agree and
solicit the gracious sanction of His Highness to the proposal

Encl 2

Bangalore 15th Sep 1945

FROM

K SUBBA RAO Esq, B A,
 MUNICIPAL COMMISSIONER
 BANGALORE CITY

J B Mallaradhya, Esq, M A,
 Additional Secretary to the Government
 of Mysore, Bangalore.

SIR,

I have the honour to state that, owing to the expansion of this Premier City in recent years on account of the formation of several new extensions, the work in the Engineering Section of this Municipality is increasing year after year, as indicated by the figures noted in the margin

-----			(	The Municipal Council
Year	Budget allotment	Expenditure.		
-----			)	are of opinion that
1942-43	2,95,490	1,86,412	(	the work of the
1943-44	4,23,914	2,05,821	)	Municipal Engineer
1944-45	10,17,856	4,26,935	(	is at least as heavy
1945-46	16,80,700		)	as that of the
	(proposed by the Council)		)	Executive Engineer in
-----			(	charge of a regular
			)	Division in the
				Public Works

Department that the services of an Assistant Engineer are necessary exclusively to look after the works relating to the formation, repairs and maintenance of roads and that, with a view to see that major City Improvement Schemes are promptly attended to, it is essential that an Officer of the status of an Executive Engineer should be appointed with two Assistant Engineers to assist him in regard to routine matters and works of an ordinary nature

They have therefore, resolved at their meeting held on 7-7-1945, that the Government be requested to elevate the

2

the present Municipal Engineer to the status of an Executive Engineer (without affecting seniority) by granting him an allowance of Rs 50/- per month and to give him the assistance of two Assistant Engineers, and that, to meet the extra expenditure on this account, the provision of Rs.11,000/- under "D5" salary of the Municipal Engineer and two Assistant Engineers" be increased to Rs 18,000/- in the current year's budget.

A copy of the Resolution of the Municipal Council is herewith forwarded for favour of obtaining orders of the Government

In this connection, kind reference is invited to this office letter No 45 976/43 dated 3-5-44, forwarding a note on the Administrative control and Account Procedure in the Public Works Division, Executive Engineer's Office and in the City Municipality

Forwarded with compliments

I have the honour to be,

Sir,
Your most obedient servant.

M. A. Gopalaswamy Iyer
Honorary President
hsr/- 17/7/44

R. S. Srinivasan
Municipal Commissioner

Proceedings of the Special Meeting of the Bangalore City Municipal Council held on 7-7-1945

--

Mr. M K Narayana Iyengar moved the following resolution -

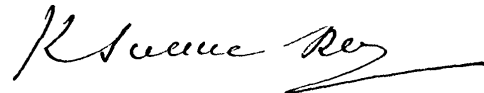

" That in view of the increasing work of the Engineering Section, the Government be requested to elevate the present Municipal Engineer to the status of an Executive Engineer (without affecting seniority) by granting him an allowance of Rs 50/- p m and to give him the assistance of two Assistant Engineers

(b) "That the provision under D5 A in the budget be increased from Rs 11,000/- to Rs.18,000/-"

The resolution was passed by the House unanimously

sd/- M A Gopalaswamy Iyengar,
Honorary President.

Report No E2 G1 659/45 dated 3rd September 1945 from the Municipal Engineer

Subject - Council Resolution dated 7th July 1945

"That in view of the increasing work of the Engineering Section, the Government be requested to elevate the present Municipal Engineer to the status of an Executive Engineer (without affecting seniority) by granting him an allowance of Rs 50/- per month and to give him the assistance of two Assistant Engineers "

"That the provision under D5 A in the Budget be increased from Rs 11,000/- to Rs 18,000/-

With reference to your memo No 45 C 500/44-45 dated 11th August 1945 calling for suitable proposals on the above resolution, I have the honor to report as follows -

In recent years, the City of Bangalore has grown very rapidly to a large extent of nearly fifteen square miles. Many very extensions like Nehru Nagar, Kumara Park, Narasimharaja Colony, Wilson Gardens etc. have been formed. In addition to these, small layouts have also been formed.

Due to the enormous growth of the City the works have increased by leaps and bounds, in addition to ordinary maintenance of roads (of nearly 200 miles), Buildings, Parks and Gardens and Play-grounds the Municipality has undertaken huge works during the year 1945-46. The total amount of works proposed to be carried out by the Engineering Department will be to the tune of Rs 18,00,000/-

During the previous year (44-45), the expenditure in the Engineering Section was about Rs 5,00,000/- and the establishment charge amounted to Rs 26,000/- working out to 51%. This year (45-46) the expenditure of the Engineering Department according to the budget grant as detailed in the margin will amount to Rs 15,67,000/- (plus Rs 2,33,000 for acquisition). The establishment charges of Engineering Section as per sanctioned strength engaged to carry out the works, amounts to Rs.28,500/- per annum. This establishment charges work up to only 2% against the usual percentage of 10 to 11 in the Public Works Department.

From the above facts, it is clear that it would not be possible for the Municipal Engineer to carry out the works efficiently with adequate supervision without the help of Assistant Engineers. Hence

1 C I W (Minor)	Rs 60,000/-	
2 C I W (Major)	3,81,440/-	(
3 Swimming Pool Extension	20,000/-	)
4 Bamboo Bazaar	4,00,000/-	
5 Original works	2,84,000/-	
6 Layouts	1,31,000/-	(
7 Repairs	2,21,600/-	
8 Lorries	10,000/-	
9 Tools and Plant	5,000/-	)
10 Purchase of Steam Road Roller	40,000/-	
11 Purchase of Plant	1,000/-	(
12 Maintenance of parks and gardens	4,000/-	)

13. Decoration charges	2,000/-	(	Hence, Municipal Council
14. Caution Boards and Roundabouts	5,000/-	)	resolved to appoint an
15. Street Name Boards	1,500/-	(	Executive Engineer with
	15,66,540/-		two Assistant Engineers
(Plus Acquisition Rs 2,33,000)	Or 15,67,000/--	)	for quick and efficient
		(	management of works.

Proposals - It is proposed to create two ranges, viz., the North and the South Range, each comprising of four to five Divisions. Each Range will be managed by an Assistant Engineer who will give his close attention and supervise the works carefully and carry them through rapidly. Being a Gazetted Officer, he will check measure the works and arrange for prompt payment of the Contractors which will facilitate them to get through their works promptly and quickly.

The allocation of provision made in the Budget (1945-46) viz., Rs 18,000/- will be as follows -

		Average per Annum			Remarks.
		Present	Proposed	Extra	
1	Municipal Engineer Executive Engineer.	Rs 6,000/-	8,680/-

execution of the Special Schemes of improvement.
It is found necessary to have a Municipal Engineer of the status of an Executive Engineer in place of the existing Municipal Engineer ^{who} of the status of an Assistant Engineer and to employ two Assistant Engineers to assist the Municipal Engineer.

2 The Bangalore City Municipal Council have, with this end in view, recommended that the status of Mr R Maelkharan, the present Municipal Engineer may be raised to that of an Executive Engineer, with an allowance of Rs 50-0-0 - without affecting the seniority of his colleagues in the P.W. Dept and that, in order to assist him, two Assistant Engineers on the usual grade pay and allowances may also be appointed.

3 The Chief Engineers for Irrigation and for Roads and Buildings, who were consulted in the matter, have supported the proposal of the Municipal Council, and have suggested

9. That it is necessary to invest the Municipal Engineer with the same powers as are exercised by the Executive Engineer of a public works Division.

4. After a careful consideration of the above, Govt are pleased to sanction the above proposals of the Bangalore city Municipal Council.

The expenditure on this account will be met out of the ~~Chief Engineer for Sanitation~~ ^{Chief Engineer for Sanitation} balance in the current year's Budget of the Bangalore city Municipal Council and necessary provision therefor should be made in the future Budgets of the Municipality.

5. The Chief Engineer for Sanitation is requested to post very early, two Assistant Engineers for work in the Municipality.

6. As under the Mysore city Municipalities Act-1, the Municipal Council is the Chief Executive Officer of the Municipality, Govt consider that it is not necessary to invest the

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE

R e a d -

Letter No. 5.500/44-45 dated 15th September 1945, from the --
Municipal Commissioner, Bangalore City, stating that, owing to the expansion of the Bangalore City in recent years on account of the formation of several new extensions, the work in the Engineering Section of the City Municipality, has increased and requesting, in the circumstances stated, sanction to the resolution dated 7th July 1945, of the City --
Municipal Council, to raise the status of Mr. R. Madhavan, Municipal Engineer of the City Municipality, to that of an Executive Engineer, with an allowance of Rs.50/- per mensem and to give him the assistance of two Assistant Engineers, etc.

2. Un-official Note dated 13th November 1945, from the Chief Engineer for Irrigation on the subject.

Order No. *L. 7777-20/10-45-153*

Dated, Bangalore, *30* January 1946.

As a result of the formation of several new extensions and the consequent expansion of the city of Bangalore, the work relating to the Engineering Section of the City Municipality has increased in recent years and the outlay on Engineering works which was Rs.1,86,412/- in the year 1942-43 has risen to Rs.4,26,955/- during the year 1944-45. For the efficient maintenance of the roads in the city which make up a total length of 200 miles and for the expeditious execution of the special -- schemes of improvement, it is found necessary to have a Municipal Engineer of the status of an Executive Engineer in place of the existing Municipal Engineer who is of the status of an Assistant Engineer and to employ two Assistant Engineers to assist the Municipal Engineer.

2. The Bangalore City Municipal Council have, with this end in view recommended that the status of Mr. R. Madhavan, the present Municipal Engineer may be raised to that of an Executive Engineer, with an allowance

Rs.50/- per mensem with ^{out} affecting the seniority of his colleagues in

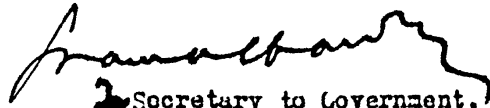

in the Public Works Department and that, in order to assist him, two Assistant Engineers on the usual grade pay and allowances may also be ~~appointed~~ appointed.

3. The Chief Engineers for Irrigation and for Roads and buildings, who were consulted in the matter, have supported the proposal of the -- Municipal Council, and have suggested that it is necessary to invest the Municipal Engineer with the same powers as are exercised by the Executive Engineer of a Public Works Division.

4. After a careful consideration of the question, Government are pleased to sanction the above proposals of the Bangalore City Municipal Council. The expenditure on this account will be met out of the -- closing balance in the current year's budget of the Bangalore City Municipal Council and necessary provision therefor should be made in the future budgets of the Municipality.

5. The Chief Engineer for Irrigation is requested to post very early, two Assistant Engineers for work in the Municipality.

6. As under the Mysore City Municipalities Act, 1933, the Municipal Commissioner, is the Chief Executive Officer of the Municipality, Government consider that it is not necessary to invest the Municipal Engineer with any independent powers.

Secretary to Government,
Revenue Department.

The Municipal Commissioner, Bangalore City through the President,
City Municipal Council, Bangalore.
The Chief Engineer for Irrigation in Mysore.
The Chief Engineer for Roads and buildings in Mysore.
The Comptroller to Government through Financial Secretariat.
